

## TCM Forklift Parts

TCM Forklift Part - Forklift trucks are an important player in the material handling field of each international trade. Transporting industrial goods takes place every day on our busy planet. Initially innovated as industrial vehicles during the 1930s in the United States, forklifts gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread internationally.

In 1949, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply known as TCM Corporation. Over the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation with the business. TCM started building forklift manufacturing locations outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures various models of industrial trucks with more than 50 years of accumulated expertise and technology, making their products recognized and used all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading business.
